Flos Arco K Special Edition Floor Lamp

This product is an Offline Only exclusive, available only to buy from selected authorised Flos dealers. Please contact us for pricing or to arrange an appointment to discuss this product in our showroom.

An evolution of the iconic **Flos Arco Floor Lamp** and released to celebrate the design's 60th anniversary, this special edition features the same influential silhouette and overhanging lamp head, but with an elegant solid glass base. Using a process that didn't exist 60 years ago, the Arco K 2022 Limited Edition shines a light on the structure of the lamp itself, drawing the gaze along the all-important arc to the innovative crystal block. In every other respect, the Arco lamp that we know and love remains unchanged.

Where a block of marble previously sat, the Flos Arco K Floor Lamp utilises a sleek transparent glass block that makes a statement in any room it is displayed. Designed by Achille Castiglioni, the Arco K Special Edition Floor Lamp provides direct lighting, suspending a rounded shade from a satin-finish stainless steel telescopic stem, boasting polished and zapon-varnished aluminum swiveling and a height-adjustable reflector. This contemporary lighting solution is a striking addition to lounges, offices and dining rooms in residential properties, whilst also adding a modernistic touch to commercial spaces.
