PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect Low Socket Pendant Cone

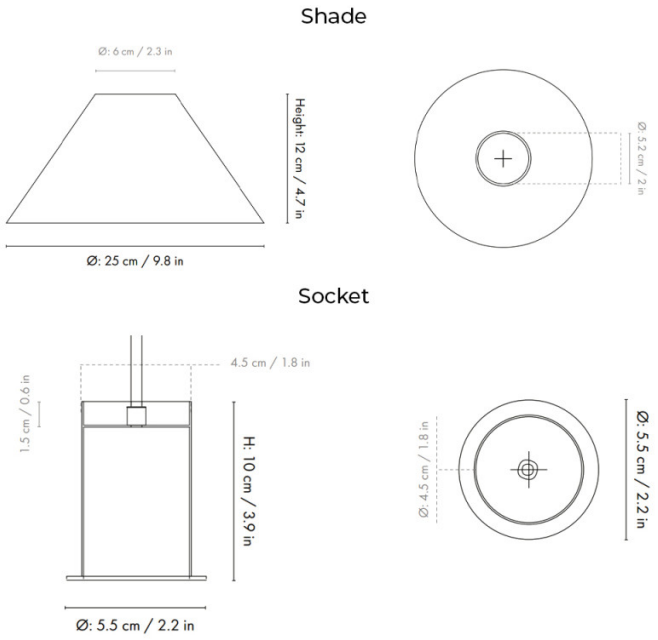

Designed for versatility and contemporary elegance, the Ferm Living Collect Low Socket Pendant Cone is part of the modular Collect Lighting collection. The distinct conical-shaped shade provides a focused yet ambient glow, ideal for illuminating dining tables, kitchen islands, or reading nooks. Its geometric form, crafted from powder-coated metal, gives it a sleek and timeless aesthetic, perfect for modern and Scandinavian-inspired interiors.

The low socket version positions the shade closer to the ceiling, making it a practical choice for compact spaces or rooms with lower ceilings. It offers a balanced distribution of light while adding a minimalist design statement. Complete with a fabric-covered 3-metre cord, a coordinating ceiling canopy, and a decorative ring, this pendant seamlessly integrates into a variety of settings.

Please note, this product is also available in a High Socket version, a Bell Socket version and a Brass Shade version.
