Tom Raffield Verso Wall Light

The Verso Wall Light is the perfect balance between form and function. The looping petals of timber create a sculptural form that looks as captivating switched off as it does on. In a choice of ash, oak, or walnut, one length of timber is expertly steam-bent into the asymmetrical shade. The resulting effect conveys a sense of movement, reminiscent of falling leaves in the wind. As an advocate of nature, Tom Raffield ensures that every piece of timber used in his designs is sustainably sourced and crafted to last a lifetime.

The light source in the centre of the Verso Wall Light creates soothing pools of light cast through gaps in the shade. The illuminated inner pieces of wood radiate in a rich glow that exudes a sense of luxury. This contrasts with the outer wood, creating an effective play of light and shadows. Use the Verso Wall Light to enhance the lighting in a room, or angle each shade to cast light onto a specific feature in your home. Display the Verso Wall Light in pairs, framing a doorway to create a sense of balance and add a welcoming ambience.

PRODUCT SPECIFICATION

Light Source:	1 x Max 25W E27 LED (Excluded)
IP Code:	20
Dimming:	Dimmable using trailing edge dimming.
Dimensions:	Height: 31cm Width: 24cm Depth (with wall mount): 23.5cm
