PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect Low Socket Pendant Dome

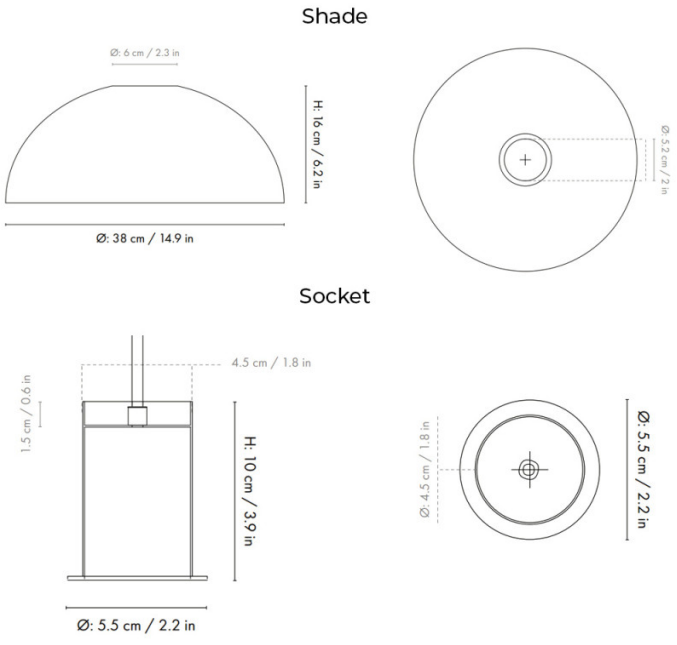

A modern statement piece from Ferm Living's Collect Lighting range, the Collect Low Socket Pendant Dome brings a sculptural element to your interior. The striking Dome shade features a broad, curved form that softly diffuses light, creating a warm and inviting glow. Its powder-coated metal construction provides a sleek, contemporary finish, making it a versatile addition to both modern and traditional spaces.

The low socket version keeps the shade positioned closer to the ceiling, making it ideal for rooms with lower ceilings or where a subtler presence is desired. Whether suspended over dining tables, lounge areas, or workspaces, this pendant delivers both function and aesthetic appeal. Complete with a fabric-covered 3-metre cord, a coordinating ceiling canopy, and a decorative ring, the pendant seamlessly blends Scandinavian elegance with customisable lighting solutions.

Please note, this product is also available in a High Socket version, a Bell Socket version and a Brass Shade version.
