PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect High Socket Pendant Glass Tall

Bringing height and elegance to contemporary interiors, the Ferm Living Collect High Socket Pendant Glass Tall offers a refined approach to ambient lighting. Part of the versatile Collect Lighting series, this pendant features a tall opal glass shade that emits a diffused, inviting glow, perfect for dining areas, bedrooms, or open-plan spaces.

The high socket design raises the shade for a more dramatic suspension, making it an ideal choice for rooms with higher ceilings or areas that benefit from strong vertical elements. The powder-coated metal socket, available in multiple finishes, contrasts beautifully with the opal glass, creating a sophisticated aesthetic. Completed with a 3-metre fabric-covered cord, a coordinating ceiling canopy, and a decorative ring, this pendant light is a timeless and adaptable addition to any space.

Please note, this product is also available in a Low Socket version and a Bell Socket version.
