PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect High Socket Pendant Bell

Part of Ferm Living's Collect Lighting series, the Collect High Socket Pendant Bell offers a bold and elegant lighting solution. Its powder-coated metal shade has a soft, curved bell shape that enhances the organic yet modern feel of the design. The high socket version creates a taller silhouette, making it a striking focal point for dining areas, living rooms, or entryways.

The pendant is paired with a powder-coated metal socket, available in multiple finishes to complement a variety of interior styles. A 3-metre fabric-covered cord, a coordinating ceiling canopy, and a decorative metal ring complete the refined aesthetic. With dimmable functionality, this pendant allows for adaptable lighting to suit different moods and settings.

Please note, this product is also available in a Low Socket version, a Bell Socket version, an Opal Shade version and a Brass Shade version.
