PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect Bell Socket Pendant Angle

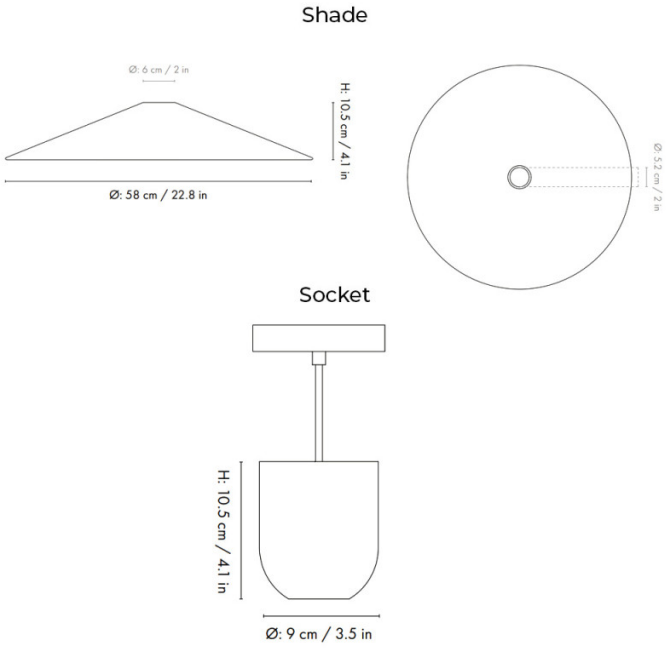

With its expansive, sloped profile, the Ferm Living Collect Bell Socket Pendant Angle offers a sculptural lighting solution that pairs bold design with soft ambience. The large 58cm powder-coated shade is angled to cast a wide pool of light, perfect for dining areas, open-plan kitchens, or commercial spaces. The Bell Socket introduces a rounded, compact shape that mirrors the Bell shade but inverts its form, adding a considered design detail to the fixture.

Available in five finishes, White, Black, Light Grey, Cashmere, and Brass, the Bell Socket allows for custom combinations that suit a wide range of interiors. Supplied with a 3-metre fabric-covered cord, matching ceiling canopy, and decorative metal ring, this pendant is dimmable with suitable bulbs. A refined yet eye-catching piece that's adaptable across residential and hospitality settings.

Please note, this product is also available in different shade colours as a Low Socket version and a High Socket version.
