PRODUCT DESCRIPTION

Designer: Ferm Living

Ferm Living Collect Bell Socket Pendant Glass Sphere

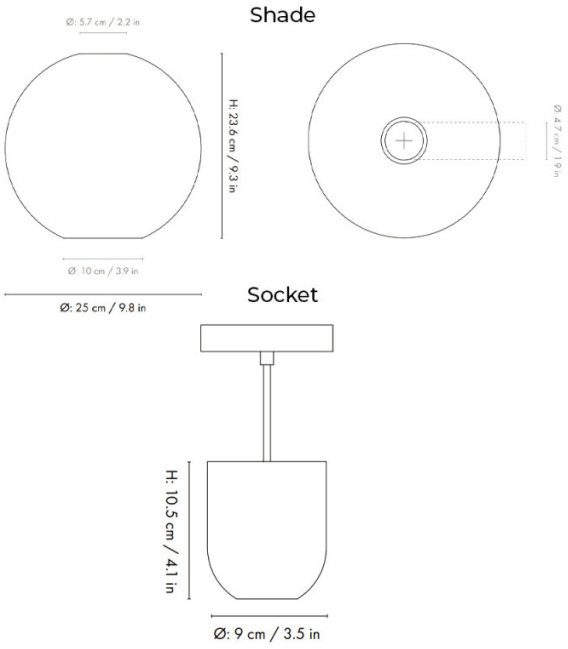

The Ferm Living Collect Bell Socket Pendant Glass Sphere merges form and softness in a beautifully understated design. The spherical glass shade diffuses light evenly, casting a warm, ambient glow ideal for bedrooms, dining areas, or social spaces. The Bell Socket enhances the sculptural quality of the fixture, complementing the shade itself.

Offered in two glass finishes and five socket colours, including classic brass and powder-coated tones, this pendant is a refined addition to both minimal and expressive interiors. Completed with a 3-metre fabric cord and coordinating ceiling rose, the light is dimmable for tailored illumination.

Please note, this product is also available in a Low Socket version and a High Socket version.
