PRODUCT DESCRIPTION

Designer: Jens Fager

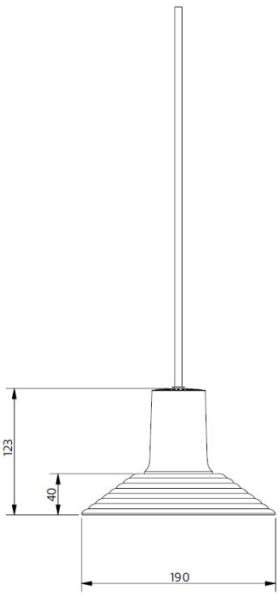

Zero Compose Large Pendant with Glass Shade

The Zero Compose Large Suspension with Glass Shade combines bold visual appeal with refined, high-performance lighting. Designed by Jens Fager as part of the modular Compose series, this large-format pendant features a generously proportioned glass shade available in clear, green, grey, or matt-white finishes. Paired with a precision-cast aluminium fitting in black, white, or grey, and suspended from a colour-matched textile cable, the pendant can be configured with an opal diffuser for a soft, ambient glow or a matt clear diffuser for more pronounced, focused downlighting. This duality makes the pendant highly adaptable—casting even illumination across surfaces while creating atmosphere throughout the room.

Ideal for open-plan kitchens, dining spaces, and commercial environments such as lobbies or hospitality venues, the Compose Large Suspension offers statement lighting with practical function. Its increased scale enhances its presence in larger interiors, while the diffused light output softens shadows and reduces glare, making it suitable for task lighting above tables and counters. Whether hung solo or in a linear arrangement, the pendant's sculptural form and layered materials bring architectural character and considered light quality to contemporary spaces.

PRODUCT SPECIFICATION

Light Source:	1 x Max 5W LED GU10 (Included)
IP Code:	20
Dimming:	Non-dimmable.
Dimensions:	Shade: Ø19cm Shade Height: 4cm Full Height: 12.3cm Cable Length: 240cm
