IC Ceiling and Wall Light by Flos

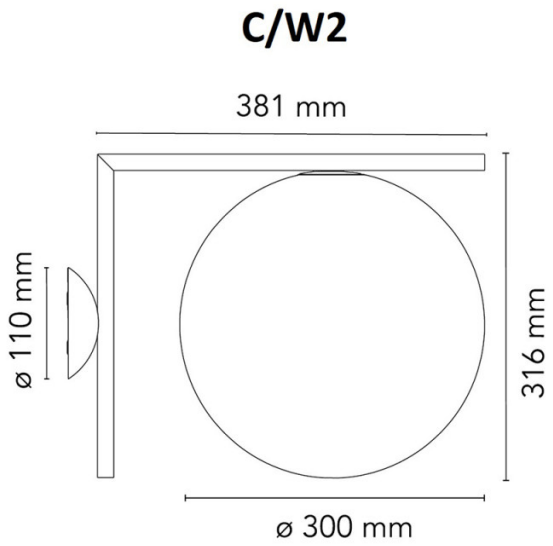

BRAND NEW, OVERSTOCKED, ORIGINAL PACKAGING.
1 x Chrome C/W2 Available.

The Flos IC wall and ceiling light was designed by Michael Anastassiades and plays with the idea of shape and balance. The wall/ceiling lamp is made from a glossy glass sphere which appears to balance on a metal rod, providing a soft and diffused light. The Flos IC ceiling/wall lamp has a discrete and perhaps even subtle design, but when lit, it becomes the centre of attention. Perfect for many settings and can be used in both the home and professional interiors to create a warming and inviting glow.

A compatible Flos bulb can be purchased separately. Please check individual bulb pages for product compatibility.
