The IC T1 High is one of three table lamps in the [Flos IC collection](#). The IC T1 High table lamp stands on a taller rod than its two sister lights, the IC T1 Low and IC T2 table light.

The IC T1 High table light explores balance with a glass sphere glossy diffuser that is perfectly "balanced" on the edge of a metal rod, being an elegant and sophisticated design. The blown opal glass lampshade provides a soft, glare-free glow and with a dimmer switch, you can also create the correct ambience for your interior. Use on tables, desks, side tables and more to create a warm atmosphere with a chic and beautiful lighting design.

A compatible [Flos 9W LED E14 T28 Dimmable Bulb](#) can be purchased separately.
