PRODUCT DESCRIPTION

Designer: Bønnelycke MDD

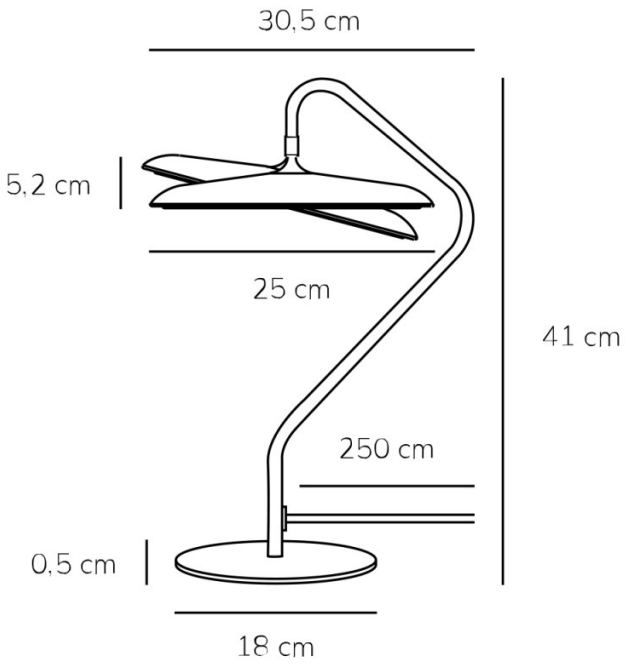

Design For The People Artist LED Table Lamp

An eye-catching design by Bønnelycke MDD, the Design For The People Artist Table Lamp boasts a minimalistic and structural silhouette. Bønnelycke MDD was inspired by the world of music, more specifically, a drum kit symbol for this design. Available in either a black or stainless steel finish, Artist provides diffused downlighting that can be directed through the tiltable lamp head. The integrated LEDs provide a high-quality illumination, whilst the diffuser fitted into the lamp head ensures an evenly dispersed and glare-free glow.

The Artist Table Lamp i a beautiful addition to contemporary offices, living rooms and reading nooks. But it can also adapt to commercial spaces too, Artist can provide functional ambient lighting to hotels, restaurants and bars. It can also be displayed individually, or alongside the **Artist Pendant** for a more cohesive interior.
