Bert Frank Doma Pendant

The Bert Frank Doma Pendant offers a refined approach to functional lighting, bringing sculptural form and understated luxury into contemporary spaces. Its compact dome silhouette creates a visual focal point, whether hung alone or in a series, while the ribbed front cap in Brushed Brass introduces subtle textural detail and a warm metallic accent.

Equipped with an LED bulb, the pendant delivers warm white light at 2700K, making it suitable for kitchen islands, dining areas, or hospitality environments requiring practical yet elegant illumination. Fully dimmable via mains TRIAC systems, it allows for a tailored ambience to suit the setting.

Handmade to order in Birmingham using high-quality brass and traditional manufacturing methods, the Doma Pendant reflects Bert Frank's commitment to craftsmanship and British design. Available in Brushed Brass, Antique Brass, Dark Bronze and Satin Nickel as standard, with additional finishes on request, the pendant is suspended from a 200cm adjustable cord, with drop rod options available for a more architectural look.
