PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Masina Wall Light

A refined balance of elegance and utility, the Bert Frank Masina Wall Light brings sculptural form and ambient light to interior spaces. Influenced by Constructivist design and softened by Art Deco curves, it features a handblown opal glass diffuser mounted on a machined brass stem, available in three sizes. The warm glow emitted through the opal shade ensures a calming and inviting atmosphere, while the side-mounted configuration offers practical illumination without visual bulk.

Available in a range of finishes, with the option to customise the colour of the wall plate, Masina brings a tailored and cohesive look to your design scheme. Whether installed in a hallway or used as a bedside feature, its minimal profile and luxe materials reflect Bert Frank's commitment to timeless British design and craftsmanship.

Please note, alternative wall mount colours are available for this product. Contact us for pricing and information.
