PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Rinato LED Single Wall Light

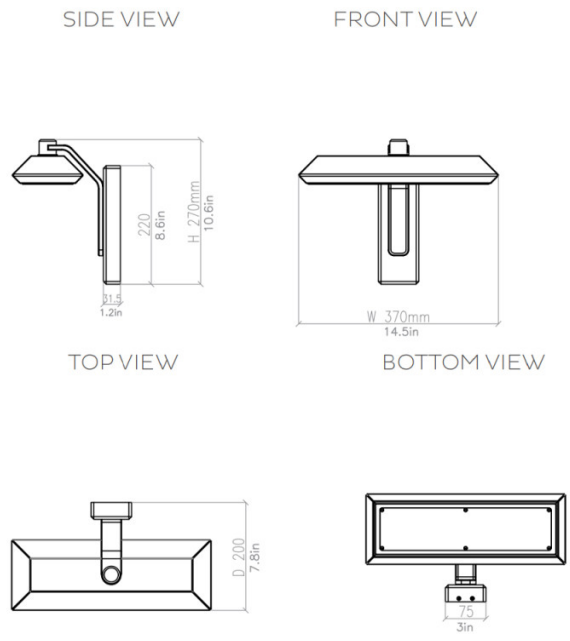

The Bert Frank Rinato Single Wall Light offers a refined, architectural take on functional lighting. Its centralised, angular stainless-steel shade is fixed to a brass framework and wall bracket, creating a striking silhouette that's both contemporary and timeless.

Ideal for residential and hospitality interiors, this wall light offers warm ambient illumination via an integrated LED module. The brass structure is finished with a decorative leather inlay – available in a variety of colours – adding texture and tactility to the clean-lined design. Crafted in Birmingham and available in bespoke finishes, the Rinato Single Wall Light balances minimalism with rich material detailing.

Please note, alternative leather colours are available for this product. Contact us for pricing and information.
