PRODUCT DESCRIPTION

Designer: Sofie Refer

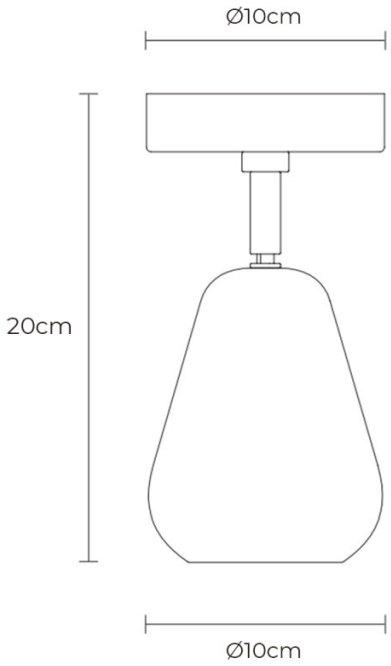

Nuura Anoli Spot Surface Light

An elegant design by Sofie Refer, the Nuura Anoli Spot Surface Light provides glare-free task lighting for a range of interiors. Refer drew inspiration from nature when designing Anoli, specifically from falling raindrops, and wanted to create a lighting solution which maximised space and minimised shadow.

Anoli can be mounted on the ceiling or wall, depending on your requirements, and the shade can be angled to project the illumination where it is needed most. Available in either white with gold detailing or in a sleek black finish, the Nuura Anoli Spot Surface Light adds a sophisticated touch to kitchens, dining rooms, living rooms and even bedrooms. This application is ideal in rooms where elegant, high-quality spotlights are desired.
