PRODUCT DESCRIPTION

Designer: Bertjan Pot

Mooodi Random II Large Pendant Light

**BRAND NEW, OVERSTOCKED, ORIGINAL PACKAGING.
1 x Large White Available.**

The Random Lights have been part of the Mooodi Originals collection since 2001. This design has become iconic and loved by many. The Randoms are unique due to the way they are made and never completely round. Transparency and delicacy are their greatest attributes. After Bertjan Pot graduated from the Design Academy in Eindhoven, he started experimenting with the remains of his graduation project. It was then that he created the Random pendant, which impressed Mooodi founder Marcel Wanders. This is the first design by Bertjan for Mooodi, and although he envisioned it as an interior object, it developed into an iconic suspension.

Now, almost two decades later, the Random Light is still as relevant and quintessential as then. Mooodi has committed to improving all of its Mooodi Originals in honour of all the great designs in its collection. Collaborating with Bertjan, Mooodi has updated the Random Lights and delivered a high-quality, upgraded user experience while keeping Bertjan's design as a key focus. The result...Random Light II.

The pendant comes with a matching ceiling rose, black for the black version and white for the white version. The round disk is in a fixed position on the shade and branded with Mooi's logo and the name of the designer.

PRODUCT SPECIFICATION

Light Source: 1 x Max 10W E27 LED G95 2700K Dimmable (Included)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Ø105cm
