PRODUCT DESCRIPTION

Designer: Sofie Refer

Nuura Miira 6 Large Suspension

An organic design by Sofie Refer, the Nuura Miira 6 Large Suspension is an eye-catching luminaire consisting of 6 single pendants gathered in a large ceiling plate to create the chandelier's expression. These pendants can be displayed in different configurations due to the adjustable cable length, allowing you to stagger the glass shades at varying heights.

Each of the 6 pendants of the Miira Large Suspension has a diameter of Ø20cm, resulting in a bolder appearance than the lighter pendants in the collection. These shades are available in either an opal or clear glass, depending on your style and desired lighting diffusion. The slender structure and ceiling canopy of this suspended lighting solution are available in either a brass or rock grey finish. The Nuura Miira 6 Large Suspension is perfect as a centrepiece in entrance halls, stairwells, dining areas and expansive kitchens. Similarly, it can make a striking addition to commercial interiors.
