PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Rinato LED Double Wall Light Right

The Bert Frank Rinato Double Wall Light Right is a bold, asymmetrical design that lends visual energy to contemporary interiors. Featuring two stainless-steel shades, the composition is grounded by a precisely engineered brass frame with hand-applied leather detailing for a soft contrast.

This version is ideal for balancing left-facing versions in larger spaces or making a directional statement on its own. Its integrated LED system casts a warm, ambient light, while the rich combination of materials brings depth and tactility to living areas, corridors, or hospitality settings.

Please note, alternative leather colours are available for this product. Contact us for pricing and information.
