## PRODUCT DESCRIPTION

**Designer:** Maria Berntsen

### Design For The People Glossy Mini Table Lamp

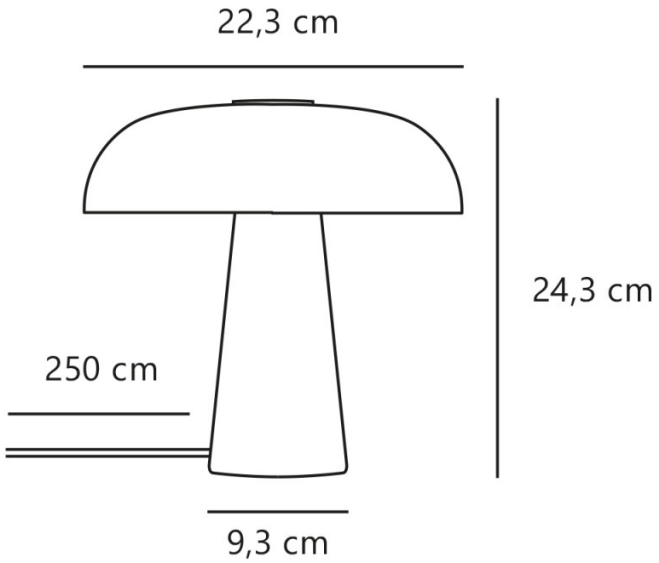

A more compact version of the **Glossy Table Lamp**, the Design For The People Glossy Mini Table Lamp perfectly embodies sophisticated design and is from the catalogue of Maria Bernsten. Glossy utilises a delicate marble base with a curved glass shade, from which it takes its name, thanks to its shiny surface. Within the shade is a concealed light source that is emitted onto the surface below, providing a soft and pleasant illumination.

The Design For The People Glossy Mini Table Lamp is an elegant addition to living rooms, entryways, bedrooms and dining spaces. It can also easily adapt to larger commercial spaces, especially in the hospitality sector, where it can provide intimate pockets of light perfect for restaurants, bars and hotels. Choose between three eye-catching marble finishes, each offering its own distinctive aesthetic.

**Please Note: Due to the unique nature of the marble, lines, colours and patterns may vary from lamp to lamp. This is part of the charm of working with natural materials.**
