PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Rinato LED Linear Chandelier

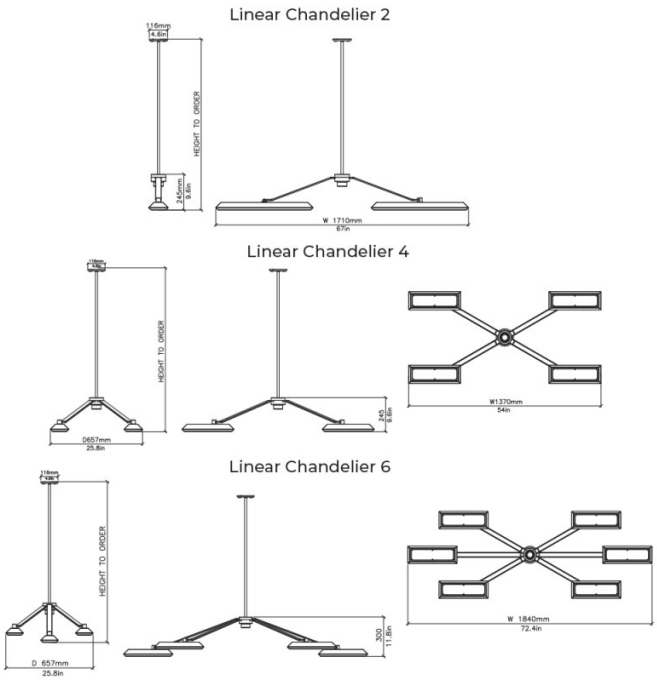

The Bert Frank Rinato Linear Chandelier offers a sophisticated lighting solution across three bold configurations of 2, 4, or 6 shades. The arrangement of signature powder-coated stainless steel shades is mounted on an architectural frame, accentuated by a strip of premium leather detailing, creating a tactile, luxurious contrast.

Designed with larger spaces in mind, this chandelier delivers both ambient and task lighting, thanks to its elongated or multi-shade format. Whether illuminating a dining table, boardroom, or open-plan setting, each version adds presence and sculptural clarity without compromising on warmth or character. Manufactured in Birmingham and finished by hand, the Rinato Linear Chandelier reflects Bert Frank's design ethos: bold geometry, fine materials, and a meticulous attention to detail.

Please note, alternative leather colours are available for this product and a custom drop length is required when ordering. Contact us for pricing and information.
