PRODUCT DESCRIPTION

Designer: Robbie Llewellyn

Bert Frank Rinato LED Chandelier

The Bert Frank Rinato Chandelier blends Art Deco geometry with tactile craftsmanship across three distinct configurations. Each version features three, four, or five angular powder-coated shades, held on outward-reaching brass arms, creating a graphic yet balanced visual effect.

The chandelier's defining character lies in its attention to detail, from the elegant structural spacing to the leather-lined brass joints that add softness and warmth to the cool precision of the form. Whether installed in a dining room, atrium, or hospitality setting, it brings sculptural clarity and tailored elegance. Hand-assembled in Birmingham, each Rinato Chandelier is customisable in finish and drop height, offering refined illumination with a distinctly modern-classic presence.

Please note, alternative leather colours are available for this product and a custom drop length is required when ordering. Contact us for pricing and information.
