PRODUCT DESCRIPTION

Designer: Sebastian Wrong

Established and Sons Filigrana Cylinder Pendant

The Filigrana Cylinder Pendant was designed by British designer Sebastian Wrong. He set out to create a piece that evokes memories of childhood. The bright candy-cane pattern adds an abundance of personality and a sense of joy to the Cylinder Pendant. The glass shade diffuses light, creating a soft, indirect glow that adds an inviting ambience to the room.

The Filigrana Cylinder is created using a 16th-century glass-blowing technique. To create the candy-cane effect, coloured stripes of glass are rolled onto the surface of each shade. As each pendant is mouth-blown, natural variations will occur from piece to piece, making every lamp unique. The Cylinder Pendant is available in three vibrant finishes: Red, Blue, and Black. The colourful design and diffused light make the Cylinder Pedant perfect for communal spaces such as a dining room, living room, or entranceway. In commercial environments, the Cylinder Pedant can be installed in clusters with other pendants from the **Filigrana Collection** to create showstopping displays, guaranteed to leave a lasting impression.

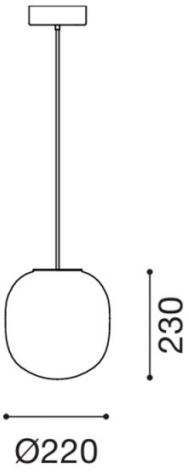

PRODUCT SPECIFICATION

Light Source: 1 x Max 15W E27 LED (Excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Ø22cm
Height: 23cm
Cable Length: 200cm
