PRODUCT DESCRIPTION

Designer: Sebastian Wrong

Established and Sons Filigrana T6 Table Lamp

British designer Sebastian Wrong uses the traditional Filigrana technique to create the T6 Table Lamp. This method dates back to the 16th century, merging traditional techniques with contemporary design. Wrong wanted to make a lamp with a beautiful, slightly magical, and childlike aesthetic. Coloured strips of glass are rolled onto the mouth-blown glass shade to create the vibrant candy-cane pattern. As each shade is handmade, variations will occur from piece to piece, ensuring you have a truly unique lamp.

The Filigrana T6 Table Lamp is available in three vibrant finishes: Red, Blue, and Black. The glass shade diffuses light into an indirect, soft glow that surrounds the lamp. An in-line dimmer on the cable allows the user to adjust the brightness intensity to suit any mood. The decorative aesthetic of the T6 Table Lamp has an aspect of playfulness to it, adding a touch of character to any room. Display in shared spaces such as a living room or dining room to add comfortable lighting to the room with a welcoming ambience. Place the T6 next to the **T2 Table Lamp**, or with a pendant from the **Filigrana Collection** to create a vibrant display with a bold personality.

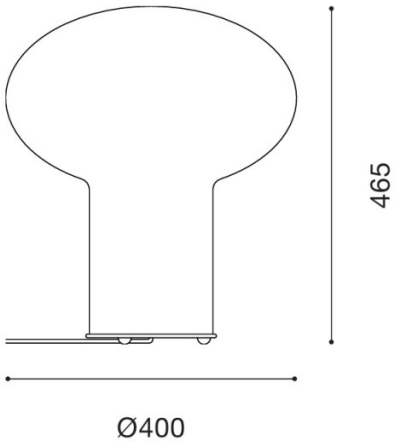

PRODUCT SPECIFICATION

Light Source: 7W, 2700K, 600 Lumens

IP Code: 20

Dimming: Integrated dimmer included on cable.

Dimensions: Ø40cm
Height: 46.5cm
Cable Length: 150cm
