## PRODUCT DESCRIPTION

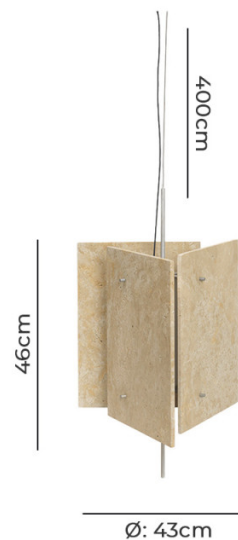

**Designer:** Ferm Living x Utzon

## Ferm Living Oeste Pendant

The Oeste Pendant was created by Ferm Living x Utzon, a collaboration between Ferm Living's in-house team of designers and the Utzon Centre. The collaboration is a celebration of the works of Danish architect Jørn Utzon and draws inspiration from his home in Mallorca, which merges the natural environment with his designs. The Oeste's travertine shade is a nod to this iconic building.

Three panels of travertine surround the light source. When lit, the inside of the shade is bathed in a warm glow, while gaps in the panels allow some light to escape, creating a mesmerising play of light and shadow. The muted tones of the stone enhance the warm aesthetic of the pendant, while the textured surface adds a tactile element. The Oeste Pendant arrives flat-packed for easy assembly. Install above a dining room table to add a welcoming ambience to the room while illuminating the table below. Display with the [Oeste Table Lamp](#) to create a sense of balance in any space.

## PRODUCT SPECIFICATION

**Light Source:** 17W, 2700K, 1040 Lumens**IP Code:** 20**Dimming:** Dimmable via Triac dimming.**Dimensions:** Ø43cm  
Height: 46cm  
Cable Length: 400cm
