PRODUCT DESCRIPTION

Designer: Ferm Living x Utzon

Ferm Living Oeste Table Lamp

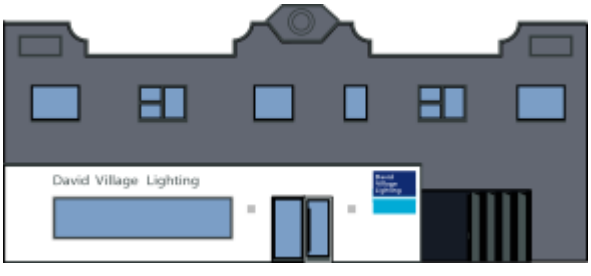

The Oeste Table Lamp is a collaboration between Ferm Living's in-house designers and the Utzon Centre, created to celebrate the legacy of Danish architect Jørn Utzon. Drawing on Utzon's sensitivity to natural materials and place, the lamp is built from three vertical panels that enclose a central light source, offered in either honed travertine or clear glass.

When lit, light slips through the gaps between the panels to create a gentle play of light and shadow. The travertine option gives a warm, diffuse glow with the stone's natural texture enhancing the ambience, while the clear glass panels deliver a brighter, crisper character with subtle reflections. An integrated dimmer lets you set the mood to suit the moment. Timeless and understated, Oeste works across classic and contemporary interiors, on a bedside, in a living room, or in a quiet reading nook.

PRODUCT SPECIFICATION

Light Source:	14W, 2700K, 155 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Ø17.5cm Height: 36cm Cable Length: 205cm
