PRODUCT DESCRIPTION

Designer: Ferm Living x Utzon

Ferm Living Oeste Table Lamp

The Oeste Table Lamp was created through a collaboration between Ferm Living's team of in-house designers and the Utzon Centre. Ferm Living x Utzon created the Oeste Table Lamp to celebrate the legacy of Danish architect Jørn Utzon. Utzon referenced the natural world in his designs, often using materials from the local area to create his work. The Oeste Table Lamp is a nod to this approach, featuring three panels of travertine that surround a light source.

When lit, the inside of the shade is bathed in a warm glow. A captivating play of light and shadows is created as some light escapes through the gaps between the panels. The warm tones of the travertine paired with the stone's natural texture enhance the warm, diffused light, creating a soft and welcoming ambience. An integrated dimmer allows users to adjust the brightness intensity to suit any mood or environment. The timeless design of the Oeste Table Lamp suits a wide range of classic and contemporary interiors. Display in a bedroom, living room, or reading nook to create a cosy atmosphere.

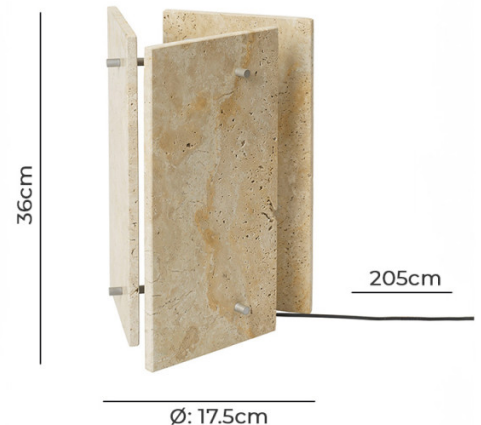

PRODUCT SPECIFICATION

Light Source: 14W, 2700K, 155 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Ø17.5cm
Height: 36cm
Cable Length: 205cm
