## PRODUCT DESCRIPTION

**Designer:** Antoni Arola

### Santa & Cole Shiro Outdoor Table Lamp

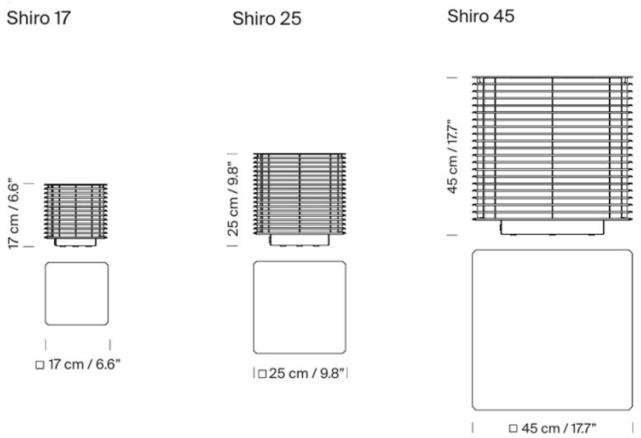

The Shiro Outdoor Table Lamp was created by Spanish designer Antoni Arola. Arola created the Shiro to evoke feelings of emptiness, honour, purity, and calm. Meaning ‘white’ in Japanese, Shiro holds strong significance in the country’s philosophical tradition, representing a void brimming with potential, an expression of energy contained. The Shiro Outdoor Table Lamp is available in three sizes, allowing you to install individually or create unique installations of varying sizes.

The rational, refined structure features metal slats arranged in a cubic form. When illuminated, the shade does not enclose light but filters it through the slats, creating a soft illumination that adds a calming atmosphere to any space. With an IP rating of 56, the Shiro Outdoor Table Lamp is suitable for outdoor environments. Display with the **Shiro 17 Alta Outdoor Floor Lamp** to create a balanced display with a calming aesthetic.

As well as a plug-in connection, the Shiro Outdoor Table Lamp is available as a fixed installation. Please **Contact us** for more information
