PRODUCT DESCRIPTION

Designer: Will Earl

J. Adams & Co Spot Pro Wall Light

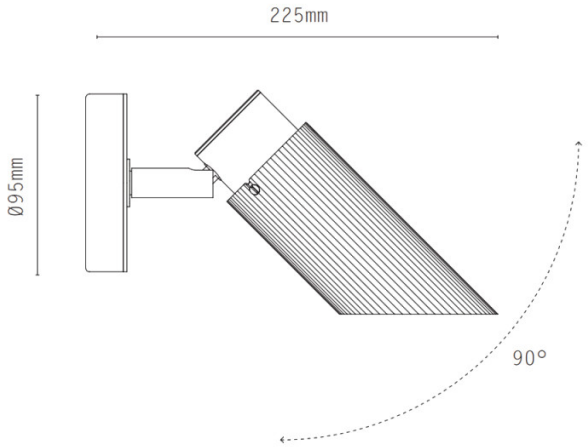

The Spot Pro Wall Light by J. Adams & Co is a precision-engineered accent light crafted for directional illumination. Designed to highlight artworks, architectural details, or focused reading areas, it pairs technical performance with refined materiality.

The fixture features a professional-grade LED bulb, delivering 350 lumens of warm 2700K light with vivid CRI 90+ colour rendering. With 350° rotation and 90° tilt, the head offers exceptional flexibility while maintaining a clean, sculptural presence. Signature reeded brass detailing adds tactile interest, enriching its architectural profile.

Available in four classic finishes, the Spot Pro Wall Light fits seamlessly into both residential and hospitality environments. Its compact form and directional control make it ideal for use in living rooms, hallways, and bedside setups, contributing atmosphere as well as functionality.
