Louis Poulsen Panthella 320 Table Lamp

The Panthella Table Lamp was designed by Verner Panton in 1971. Throughout his career, Panton introduced a series of contemporary lamps that featured a distinctive personality, with the Panthella becoming one of his most significant designs. With an expressive yet soft contour, the iconic table lamp is both functional and sculptural. The two muted colourways, beige and white, complement the gentle appearance of the lamp and give the luminaire a timeless aesthetic.

When illuminated, the opal acrylic shade diffuses light into a gentle glow that fills the surrounding space. The glare-free downward-directed light is perfect for adding functional lighting to a desk or bedside table while filling the room with a pleasant ambience. Display with the **Panthella Floor Lamp** to create a unifying theme.
