PRODUCT DESCRIPTION

Designer: Zoe Stark

Tala Firth Wall Light

The Tala Firth Wall Light is a modern reinterpretation of vintage industrial sconces, designed by Zoe Stark for versatile use across both interior and exterior spaces. Mouth-blown from borosilicate glass with 40% recycled content, the rippled shade lends a soft, tactile quality to the form, gently bending and diffusing the light. The opal silicone diffuser ensures a glare-free output, while the flush-mounted fitting eliminates visible fixings for a clean, architectural look.

Behind its minimal silhouette lies high-performance lighting technology, with a replaceable bulb offering warm, diffused light. The integrated Dim-to-Warm system shifts smoothly between 2000K and 3000K, allowing you to tailor the ambience from a soft glow to a clearer, functional light. IP65-rated, the Firth is ideal for use in bathrooms, hallways, porches, hospitality entrances, or garden walls, bringing seamless elegance and practical durability to any setting.

PRODUCT SPECIFICATION

Light Source:	1 x Max 7W GX53 LED (Included)
IP Code:	65
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade: Ø15cm Depth: 7.8cm
