Foscarini Rituals Wall Light

**BRAND NEW, BOXED IN ORIGINAL PACKAGING.
1 x Rituals 3 Available.**

A minimalistic yet eye-catching design, the Foscarini Rituals provide a wall light that offers two diffuser shapes in hand-blown glass. The abstract diffusers are made using a glass-blowing procedure without turning the glass in the mould (referred to as "stationary"); the striped effect is achieved using a mould with negative decorations which are repeated across the surface of the glass, which is subsequently ground manually "by belt" and which then undergoes immersion in acid in order to emphasise the plaster-like effect.

The flexible Rituals Wall Light can be turned upside down for variety and comes with an external dimmer. The Light's flexibility, allied with the soft light and striking form, makes this wall sconce perfect for use in any home or business setting. The glass shade diffuses the inner light source and results in an even and calming illumination that can suit a variety of spaces such as hallways, kitchens, dining spaces and reading nooks.
