PRODUCT DESCRIPTION

Designer: Will Earl

J. Adams & Co Nova Slim Pendant

The Nova Slim Pendant is a captivating expression of modernist design. Hand-crafted by expert artisans, the pendant is a celebration of the beauty of glass. Each opaline shade is mouth-blown before being sandblasted to create a porcelain-like texture. This delicate appearance contrasts effectively with the solid machined brass frame. This striking metal appears to pierce through the shade, while its tapered edges add a touch of Art Deco elegance.

The sculptural appearance of the Nova Slim Pendant looks captivating whether switched on or off. When illuminated, the opaline shade diffuses light into a soft glow that surrounds the shade. This makes it an ideal lighting solution to add a welcoming ambience to communal spaces such as a lounge area or dining room. Install in a row above a kitchen island to illuminate the surface in a uniform light. In larger areas or commercial spaces, grand installations can be created by installing multiple pendants from the **Nova Collection** at varying heights.

Please note: While the Nova Slim Pendant is supplied with a cable as standard, it is also available with a drop rod in a range of lengths. Contact us for more information.

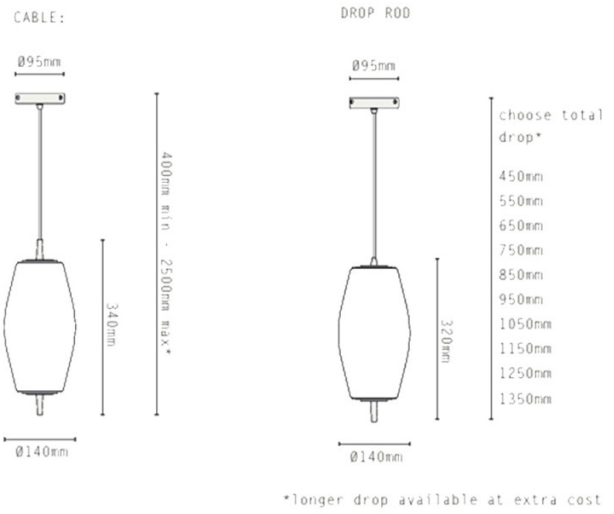

PRODUCT SPECIFICATION

Light Source: 1 x Max 5.5W E27 LED (Included)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Shade: Ø14cm
Height: 34cm
Ceiling Rose: Ø9.5cm
Cable Length: 40-250cm
