PRODUCT DESCRIPTION

Designer: Will Earl

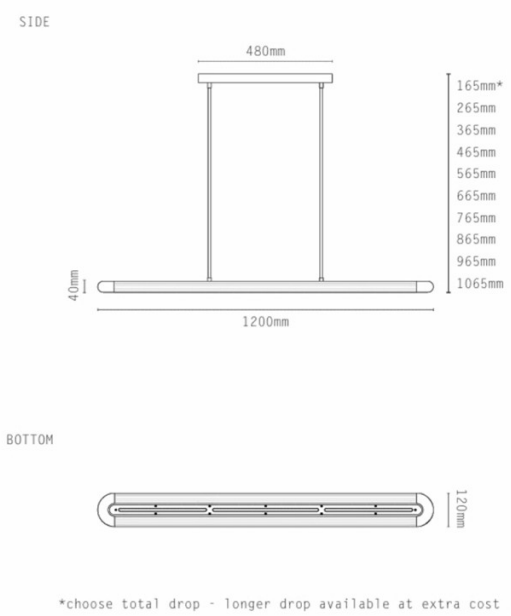

J. Adams & Co Strata 1200 LED Pendant

The Strata 1200 Pendant expertly blends form and function while celebrating the craftsmanship and ingenuity that went into its production. The reeded glass shade contrasts effectively against solid brass endcaps. To create the endcaps, brass is heated to a high temperature before being pressed into the desired form. CNC machining adds intricate details before each endcap is expertly finished by hand into one of four finishes: Antique Brass, Satin Brass, Bronze, or Satin Nickel.

Measuring at 1.2 meters, the Strata 1200 Pendant is designed to fit into smaller spaces. To illuminate large areas, multiple pendants can be installed to form a modern and dynamic composition. When lit, the glass shade diffuses light from within, creating a subtle interplay of light and shadow. The integrated LED provides a uniform lighting that fills the room with a warm ambience. In commercial spaces, the Strata is well-suited to contemporary environments such as a bar or restaurant to create a welcoming atmosphere with a luxurious touch.

PRODUCT SPECIFICATION

Light Source:	32W, 2700K, 3990 Lumens
IP Code:	20
Dimming:	Dimmable via main phase dimming.
Dimensions:	Length: 120cm Depth: 12cm Height: 4cm Ceiling Rose: 48cm x 7cm Drop Height: 16.5cm - 106.5cm
