PRODUCT DESCRIPTION

Designer: Will Earl

J. Adams Flume 50 Pendant

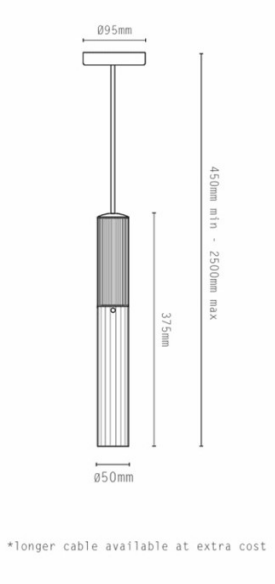

The Flume 50 was designed by Design Director Will Earl. Earl drew inspiration from Art Deco influences, creating a sculptural piece that enhances any space. The pendant connects heritage manufacturing processes with contemporary design while combining texture and materiality. The brass frame, available in an antique brass, satin brass, bronze, or satin nickel finish, adds a timeless, sophisticated touch. The reeded glass shade contrasts effectively with the frame, allowing the materials to balance elegance and functionality.

The Flume 50 features a reeded glass shade, available with clear or frosted glass. The reeded glass diffuses light into a gentle glow, while the vertical curves create a subtle play of light and shadows. The Flume 50 looks particularly effective when hung in rows, illuminating a countertop in an ambient, uniform glow. Install above a dining table or kitchen island to add functional lighting and a welcoming atmosphere to the room. In commercial spaces, the Flume 50 is perfect for adding elegant and intimate illumination to contemporary bars and restaurants.
The Flume 50 is also available with an **IP44 Rating**, suitable for bathrooms or covered outdoor areas.

The Flume 50 is also available as a 3-drop or 6-drop Chandelier. Contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	1 x Max 3.6W GU10 MR11 LED (Included)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø5cm Height: 37.5cm Ceiling Rose: Ø9.5cm Drop Height: 45cm - 250cm
