PRODUCT DESCRIPTION

Designer: All The Way To Paris

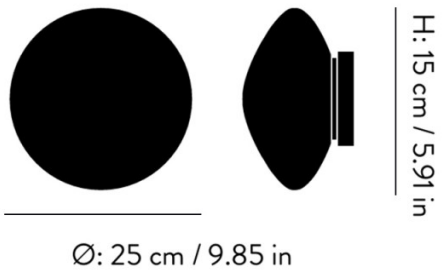

&Tradition Mist AP22 Wall/ Ceiling Light

The Mist AP22 Wall/ Ceiling Light is a design with two functions, created to be installed on either the wall or the ceiling. Design studio All The Way To Paris has modified the original Mist design to create a lamp that suits a range of spaces, blending seamlessly into its environment without drawing excessive attention. The glass shade was originally designed to be a contemporary take on a classic globe shade. This iconic, mouth-blown glass diffuser is presented throughout the **Mist Collection.**

The opal glass shade has been expertly mouth-blown to form its distinctive shape. When illuminated, the shade creates a milky, diffused light, perfect for creating a warm ambience in any room. The Mist AP22 sits flush to the surface it's installed on, making it a space-saving light solution that can be displayed in multiples without compromising space. Its IP44 rating makes it splash-proof, allowing it to be installed in a bathroom or covered outdoor area. In commercial spaces, the Mist AP22 Wall/ Ceiling light can line the length of a hallway in an office or hotel to create a welcoming atmosphere.

PRODUCT SPECIFICATION

Light Source: 1 x Max 5W G9 (Excluded)
IP Code: 44
Dimming: Dimmable via mains phase dimming.
Dimensions: Ø25cm
Height: 15cm
