PRODUCT DESCRIPTION

Designer: All The Way To Paris

&Tradition Mist AP22 Wall/ Ceiling Light

The Mist AP22 Wall/ Ceiling Light is a design with two functions, created to be installed on either the wall or the ceiling. Design studio All The Way To Paris has modified the original Mist design to create a lamp that suits a range of spaces, blending seamlessly into its environment without drawing excessive attention. The glass shade was originally designed to be a contemporary take on a classic globe shade. This iconic, mouth-blown glass diffuser is presented throughout the [Mist Collection](#).

The opal glass shade has been mouth-blown by expert craftspeople to form its distinctive shape. When illuminated, the shade creates a milky, diffused light, perfect for creating a warm ambience in any room. The AP22 Mist Wall / Ceiling Light sits flush to the wall it's installed on, making it a space-saving light solution that can be displayed in multiples without compromising space. Its IP44 rating means the wall/ ceiling light is splash-proof and can be installed in a bathroom or covered outdoor area. In commercial spaces, the AP22 Mist Wall/ Ceiling light can line the length of a hallway in an office or hotel to create a welcoming atmosphere.

PRODUCT SPECIFICATION

Light Source: 1 x Max 5W G9 (Excluded)
IP Code: 44
Dimming: Dimmable via mains phase dimming.
Dimensions: Ø25 cm
 Height: 15cm
