Petite Friture PYL Pendant

The PYL Pendant is designed by the duo Marie & Alexandre. Each pendant is made using polished and painted steel tubes in either a steel grey or multicoloured finish. The use of bright yellow and chilli red is inspired by Italian design from the last century, while raw steel is incorporated in the style of Italian architect Renzo Piano. These vibrant colourways, in conjunction with the sleek and streamlined profile, are the signature of the **PYL Collection**.

When illuminated, light is generated from the integrated LED. The ribbed, press-moulded glass diffuser distributes light into undulating, delicate lighting. The conical shade directs light into precise beams, which can be directed where required using a flexible steel wire. The inside of the bell shade is painted white to reflect light and optimise light diffusion. The glass diffuser paired with the metal steel structure creates a dynamic balance of materials. A single PYL can be displayed as an eye-catching, stand-alone pendant, while installing in pairs or clusters will create a dynamic display that showcases a unique rhythm of shapes and colours.

PRODUCT SPECIFICATION

Light Source: 10W, 2700K, 970 Lumens

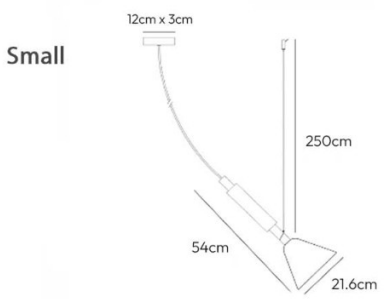

IP Code: 20

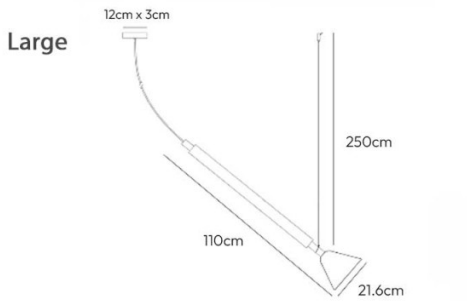

Dimming: Dimmable via mains phase dimming.

Dimensions: **Small**:
Ø21.6cm
Height: 54cm

Large:
Ø21.6cm
Height: 110cm

Cable Length: 300cm
