HAY Ava Pyramid Table Lamp

The HAY Ava Pyramid Table Lamp translates the classic lampshade into a striking geometric form. Crafted from ECOPET™, a recycled polyester material made from post-consumer plastics, the shade has a semi-translucent, paper-like surface that glows softly when lit. High-contrast fabric piping defines the pyramid profile, adding a graphic quality to its calm silhouette. The warm diffusion is ideal for reading corners, bedside tables, and shelves, giving rooms a gentle ambience.

Originally created by Ana Kraš from an impromptu mix of wire, paper, and tape, the design has been refined for HAY into a durable, everyday lamp. The HAY Ava Pyramid Table Lamp is available in two sizes and works with a standard E27 bulb for easy maintenance. Its monochrome palette and clean geometry suit both minimalist and eclectic interiors, bringing tactile character and sustainable innovation into daily living.
