PRODUCT DESCRIPTION

Designer: Ana Kraš

HAY Ava Square Wall Lamp

The HAY Ava Square Wall Lamp translates the collection's geometric language into a wall-mounted form, offering a balance of functionality and subtle decoration. Constructed from ECOPET™ recycled polyester, the rectangular shade has a semi-translucent quality that softly diffuses the light, producing a warm and comfortable glow. The contrasting fabric piping frames the edges with precision, emphasising its graphic outline while preserving an understated and versatile character. With its shallow projection, the lamp is particularly practical for compact interiors, working well in hallways, beside the bed, or as part of layered lighting schemes in living rooms and social spaces.

Designed by Ana Kraš, the lamp reflects her interest in archetypal forms and tactile materials, combining sustainability with everyday usability. A discreet toggle switch is integrated for easy operation, while the use of a standard E14 bulb makes the design simple to specify and maintain. The Ava Square Wall Lamp's blend of sustainable material, monochrome detailing, and timeless geometry ensures it adapts to a variety of contexts, from minimal contemporary interiors to more eclectic arrangements. Its proportions also allow it to sit comfortably alongside other pieces in the HAY Ava Collection, creating cohesion across lighting schemes.

Please Note: This wall light is supplied with a cable and plug, so it must be installed near a socket. The product can also be hardwired, please consult your electrician.

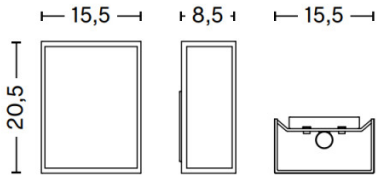

PRODUCT SPECIFICATION

Light Source: 1 x Max 8W E14 LED (Excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Width: 15.5cm
Depth: 8.5cm
Height: 20.5cm
Cable Length: 200cm
