PRODUCT DESCRIPTION

Designer: Pierre Charpin

HAY PC LED Desk Lamp

The HAY PC LED Desk Lamp is a precise, quietly engineered task light that brings focused illumination wherever it is needed. Constructed from aluminium with a subtle sheen, it conceals gas springs within the arms so the head and reach hold position as soon as you let go, ensuring smooth, reliable adjustment. A stepless touch dimmer with memory control allows you to set and recall the right brightness for each task, whether detailed drawing, screen work, late-night reading, or simply creating a softer backdrop in between activities. The integrated LED source produces a comfortable, glare-free light with excellent efficiency and long service life.

Designed by Pierre Charpin, the HAY PC LED Desk Lamp balances clarity of form with refined motion, its sculptural silhouette pared back to the essentials. The compact footprint makes it ideal for home offices, workstations, and studio benches, while the generous reach and long cable support flexible placement around desks and shared tables. As part of the wider HAY PC Collection, it can be paired with clamp, wall, or floor versions to achieve a layered lighting scheme across domestic, workplace, or hospitality settings. With its combination of elegant mechanics, functional versatility, and enduring material quality, the PC LED Desk Lamp is designed to be a dependable companion for daily use.
