SkLO Dot 1x Wall / Ceiling Light

The Dot 1x Wall/ Ceiling Light is a playful lamp with a touch of sophistication. SkLO's in-house designers believe that emotion is a key aspect when crafting a mood or atmosphere with light and created the Dot to evoke a happy response. The flattened spherical glass diffuser is available in a choice of nine opaque colours. This is paired with a brass base, available in four sleek finishes, giving the opportunity to create extraordinary juxtapositions of colour. Each piece is handcrafted using traditional Czech glassblowing techniques in a celebration of the ancient craft. As the Dot is handmade, slight variations in colour and shape may occur.

When lit, the coloured glass diffuses light into a gentle and cosy glow that surrounds the lamp, perfect for adding ambient lighting to any room. Utilise the bright, vibrant colourways to add a playful element and bold personality to a children's room. Alternatively, neutral tones can create a calmer, more sophisticated display, perfect for dining rooms or office spaces. Install individually or in multiples, framing a doorway or running the length of a hallway. In hospitality settings, the Dot is ideal for creative installations, mixing and matching between colourways. The Dot features a compact design that sits flush to a wall or ceiling, making it an ideal space-saving lighting solution for a wide range of interiors.

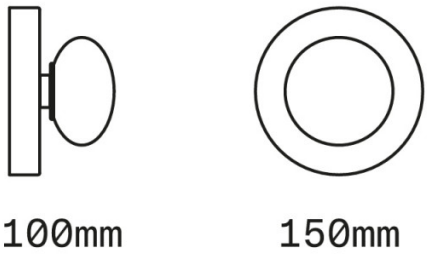

PRODUCT SPECIFICATION

Light Source: 1 x Max 7W G9 LED (Included)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Ø15cm
Depth: 10cm
