PRODUCT DESCRIPTION

Designer: SkLO

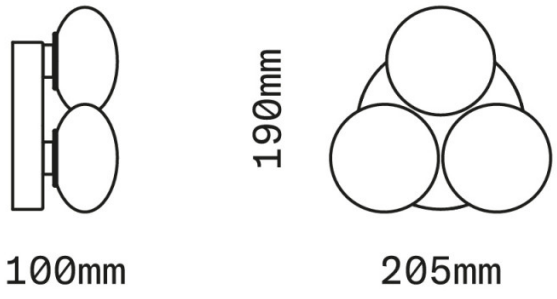

SkLO Dot 3x Wall/ Ceiling Light

The Dot 3x Wall/ Ceiling Light features three flattened spheres of mouth-blown glass on a circular base. SkLO's in-house design team celebrate historical glassblowing traditions by expertly blending modern Californian design with Czech techniques. Czech glass is renowned for its vibrant colours, which are showcased throughout the **Dot Collection**. Each glass diffuser is available in a wide range of colours, adding a playful and customisable element to the Dot. The nine colourways are available in any possible combination, allowing you to create a pattern that perfectly suits your style. The brass base is available in four sleek finishes, which allow for extraordinary juxtapositions to be crafted.

The Dot 3x is an ornamental lamp that adds a decorative element to the room, whether switched on or off. When illuminated, a sense of warmth fills the room as light is diffused through the coloured spheres into a cosy and gentle glow. This ambient lighting is perfect for adding a welcoming atmosphere to any room in the home. Use vibrant, candy-cane colours for a playful display in a child's bedroom, or utilise the more neutral, muted tones for a calming addition to a dining room or reading nook. Display the Dot 3x individually or in multiples, framing a doorway or lining a hallway for a uniform glow. In commercial settings, large installations can be created using multiple lamps from the collection, mixing and matching colours.

PRODUCT SPECIFICATION

Light Source:	3 x Max 7W G9 LED (Included)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 19cm Width: 20.5cm Depth: 10cm
