PRODUCT DESCRIPTION

Designer: BEGA

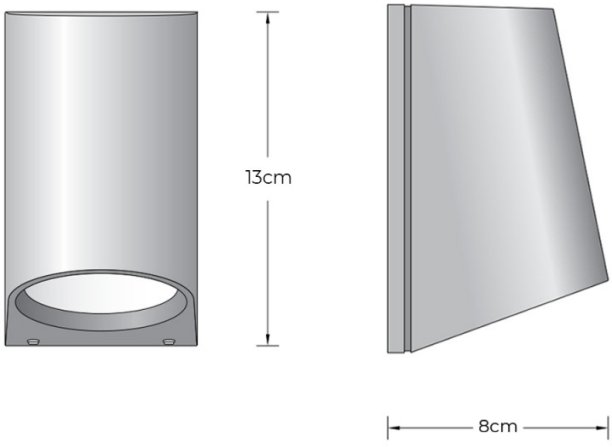

BEGA 24501 LED Wall Light

A compact yet functional luminaire, the BEGA 24501 LED Wall Light can adapt to a variety of settings, for both interior and exterior settings, thanks to its IP64 rating. The integrated LED light source is projected down onto the area below, making this wall light ideal for brightening up paths and driveways.

The BEGA 24501 is also available in two sleek and minimalistic finishes: graphite or silver. This allows the wall light to adapt to numerous settings and styles and ensures that it provides optimal light output, but without taking too much attention away from the rest of the space. The robust wall luminaire ensures rotationally symmetrical light distribution.
