Muuto Rime Rail Lamp

The Rime Rail Lamp is a sleek and stylish addition to the **Rime Collection**, designed by TAF Studio. The rail lamp connects three Rime Pendants in a seamless composition, creating a rhythmic interplay of light. Four bold colourways, Black, Grey, Orange, and White, add to the contemporary, vibrant aesthetic of the lamp. The rail is powder-coated for added depth and durability to the design.

The shade is made from mouth-blown glass. TAF Studio was inspired by the shape of an acorn for the shade, wanting to create a simple lamp with a soft expression. When lit, the glass diffuses light into a soft and uniform glow, creating a warm and welcoming ambience. The Rime Rail Lamp has a refined yet striking presence above dining tables or kitchen counters. In commercial settings, the rail lamp brings a modern perspective to office spaces or bustling cafes.
