PRODUCT DESCRIPTION

Designer: BEGA

BEGA 66410 LED Wall Light

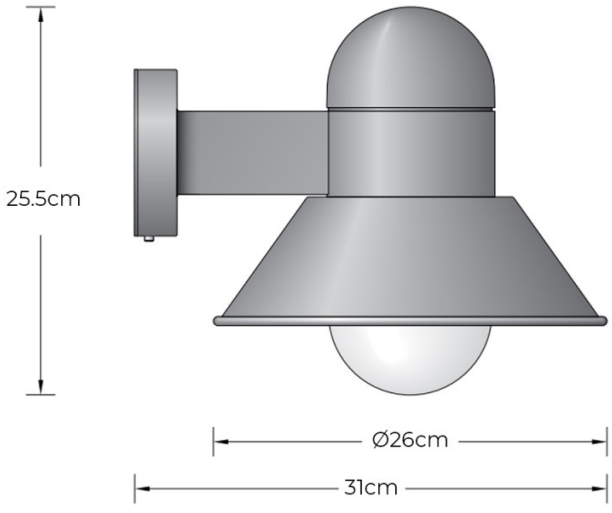

The BEGA 66410 LED Wall Light is a functional and diverse downlighting solution that can be used in both interior and exterior settings, thanks to its IP44 protection rating. The sleek graphite finish can adapt to a range of spaces and can be installed individually or in multiples for larger environments.

BEGA 66410 was inspired by traditional lanterns and today illuminates both stylish buildings and historical architecture. The opal glass diffuser that houses the integrated LED light source ensures an evenly dispersed and glare-free illumination, whilst also adding a soft touch to the design.

Matching corner blocks for installing these wall luminaires on the corner of a building can also be supplied. Please contact us for further information and pricing.
