RUBN The Palazzo LED Floor Lamp

The Palazzo by RUBN is a bold floor lamp that brings sculptural presence to interior spaces. Its hand-blown glass shade is cut with clean, angular lines, paired with a sturdy powder-coated steel base to balance elegance and strength. The glass diffuses light with a subtle character, while the tall proportions make it a striking focal point in any room.

This lamp is fully dimmable via an integrated switch, allowing you to shift between atmospheric background light and stronger task illumination. Available in smoke optic, smoke, and brown glass, each finish alters the mood, from cool precision to warm intimacy. Handmade in Sweden by skilled craftspeople, The Palazzo is designed to endure in both residential and professional interiors.
