PRODUCT DESCRIPTION

Designer: Niclas Hoflin

RUBN James LED Table Lamp

Designed by Niclas Hoflin, the RUBN James LED Table Lamp exemplifies RUBN's design philosophy of simplicity, precision, and everyday usability. Compact yet versatile, the lamp is fitted with a single LED light source that can be rotated almost 360 degrees, giving users the freedom to direct illumination exactly where it's needed. Its understated form and sculptural silhouette allow it to sit comfortably on desks, sideboards, or bedside tables without overwhelming the surrounding interior.

The James Table Lamp is equipped with an integrated dimmer on the lamp body, offering smooth control of its warm 3000K light. This makes it ideal for both ambient lighting and task-focused applications, whether at home or in professional spaces. Available in multiple finishes, including brass, black with brass accents, steel, white, ruby red, and yellow, the James LED Table Lamp combines functionality with refined Swedish craftsmanship, handmade at RUBN's workshop in Vittsjö.

PRODUCT SPECIFICATION

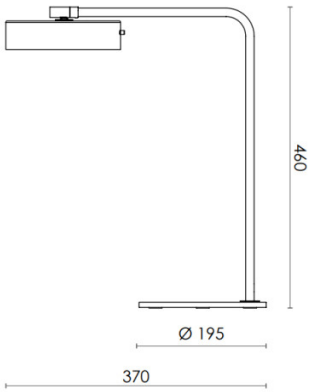

Light Source: 10W, 3000K, 1200 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Height: 46cm
Depth: 37cm
Shade: Ø19.5cm

Cable Length: 215cm
