PRODUCT DESCRIPTION

Designer: Niclas Hoflin

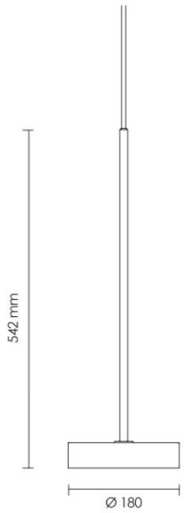

RUBN James LED Pendant Light

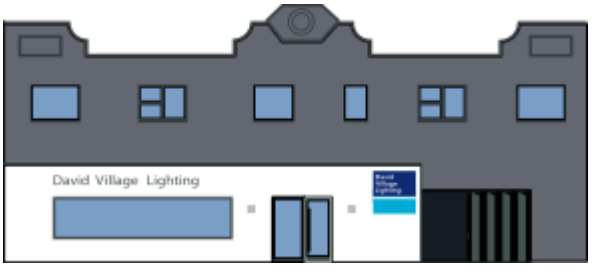

The RUBN James LED Pendant Light, designed by Niclas Hoflin, brings refined minimalism to modern interiors. Its elongated form and compact profile make it ideal for smaller spaces or as part of a grouped installation. Featuring a warm 3000 K integrated LED, it delivers a soft, diffused glow that enhances ambience without overpowering the room.

Equipped with smooth trailing-edge dimming, the James Pendant allows users to adjust brightness seamlessly, adapting to a variety of residential or commercial settings. Handmade in RUBN's Swedish workshop, the pendant is available in brass, steel, black, pure white, and ruby red finishes, ensuring a versatile fit for both contemporary and classic design schemes. It is complemented by RUBN's ceiling cups, available separately, which conceal wiring for a polished, finished look.
