PRODUCT DESCRIPTION

Designer: BEGA

BEGA 84259 Garden Floodlight

A directional floodlight for exterior use, the BEGA 84259 is used for the illumination of objects, plants and building details in private areas. The long service life and high luminous efficiency of the BEGA E27 lamp that is included guarantee maintenance-friendly and economical operation of these floodlights. The head of the lamp can be adjusted in order to focus the beam of light to where it is needed most, offering directional lighting.

Each BEGA 84259 Garden Floodlight can be installed individually or in multiples for larger spaces or to highlight more extensive features in your space. Similarly, this floodlight is a common choice for commercial environments, but can also have an impact in residential spaces too.

The BEGA 84259 Garden Floodlight is equipped with a mounting base as standard, or can be supplied with an earth spike if needed. Please contact us for more information and pricing.
